Adobe Inject Creativity into the Curriculum event
Wagga Wagga

Wednesday March 10, 2020
4.00PM to 6.30PM

Kildare College
Coleman St. Wagga Wagga, NSW

This free professional learning session aims to demonstrate and workshop practical ways to inject creativity in many areas of the K12 & higher education curriculum.
Adobe is no longer just about high-end professional tools, it now has solutions for every teacher.

More info & registration via - http://bit.ly/adobe-inject

A range of the following Adobe software will be work-shopped and/or presented

- Photoshop (image manipulation for all subject areas)
- The new Adobe Aero (creating augmented reality experiences)
- Premiere Rush (Adobe's new multi-platform video editing app)
- Character Animator (real-time video animation)
- Spark Post (digital posters in seconds)
- Spark Video (make simple video stories for any curriculum area)
- Spark Page (build & publish webpages or digital portfolios for assessment, presentation & demonstration)
- Adobe XD (Design Thinking & Prototyping app)
- The new Adobe Fresco app (the perfect drawing tool for the iPad)
